

Wilderness⁸⁰

A Complete Pet Food For Dogs Of
All Life Stages

All Lifestage

All Life Stage dog kibble delivers complete, balanced nutrition formulated to support puppies, adults, and senior dogs alike - making it a versatile, premium choice that grows with your pet.

GRAIN FREE

80% Chicken, Turkey, White Fish & Salmon

45% Freshly Prepared Chicken & 9% Dried Chicken

Chicken is a lean protein source rich in essential amino acids. It is also a good source of vitamins & minerals including B vitamins and iron which help contribute to overall health and well-being.

4% Freshly Prepared Turkey & 8% Dried Turkey

Turkey is a lean protein source rich in essential amino acids. It is also low in fat and a good source of essential nutrients such as riboflavin, potassium and selenium.

8% Freshly Prepared White Fish

White Fish is a lean protein source, as well as source of vitamin B12, phosphorus, and selenium which are important for a number of functions within the body to support overall health and well-being.

4% Freshly Prepared Scottish Salmon

Salmon is naturally rich in omega-3 essential fatty acids which have anti-inflammatory properties and provide support for skin and coat condition and joint health.

80% Total Animal Ingredients

One of the highest total animal content recipes in dry dog food, 80% of the recipe is packed with the finest animal ingredients.

Minimum 50% Freshly Prepared Ingredients

Highly digestible protein sources responsibly sourced from farms and fisheries that we know and trust.

Grain Free Recipe

Formulated without grains.

Digestive Health

Prebiotics MOS & FOS may help to promote the growth of healthy gut bacteria and aid digestion.

Why Wilderness⁸⁰

Because your pet deserves a diet that's as close to nature as possible. With 80% premium animal content, our recipes deliver rich protein and essential nutrients carnivores thrive on, with no added grains.

“Explore the untamed flavours of nature”

Trace Elements: Zinc (Zinc Sulphate Monohydrate & Zinc Chelate of Amino Acids Hydrate) 112 mg, Iron (Iron (II) Sulphate Monohydrate & Iron (II) Chelate of Protein Hydrolysates) 48 mg, Manganese (Manganous Sulphate Monohydrate) 18 mg, Copper (Copper (II) Sulphate Pentahydrate) 5 mg, Iodine (Calcium Iodate Anhydrous) 0.48 mg;
Amino Acids: Methionine 1,106 mg;
Provitalins: L-Carnitine 48 mg

Important: The information provided in this document is GA Pet Food Partners Ltd interpretation of Regulation No 767/2009 including amending Regulations 2017/2279 and 2018/1903. As with all legislation only courts can decide on the correct interpretation of the law. We would advise that you always seek legal advice when creating/printing new packaging, leaflets or websites. The statutory Analytical Constituents declaration parameters (i.e. Crude Protein, Crude Fat, Crude Fibre, Crude Ash) may be used for declaration purposes along with Moisture. Other parameters are intended as a guide and in order to declare extra figures we suggest that analysis work is carried out to confirm levels more precisely.

Formulation updates: As information becomes available and in order to continually meet statutory analytical constituent declarations, formulations may have to be adapted to account for raw material variation and availability. There may also be other reasons outside of our immediate control (including but not limited to force majeure events) which warrant the change of a formulation to improve its suitability.
